

## Self-assessment tool for Bricklayer (ASCO: 4414-11)

### About this self-assessment tool

This tool will help you to decide whether you have the required training, work experience and competencies (skills) to meet Australian standards as a Bricklayer.

Read the questions carefully. Tick the box with the best answer.

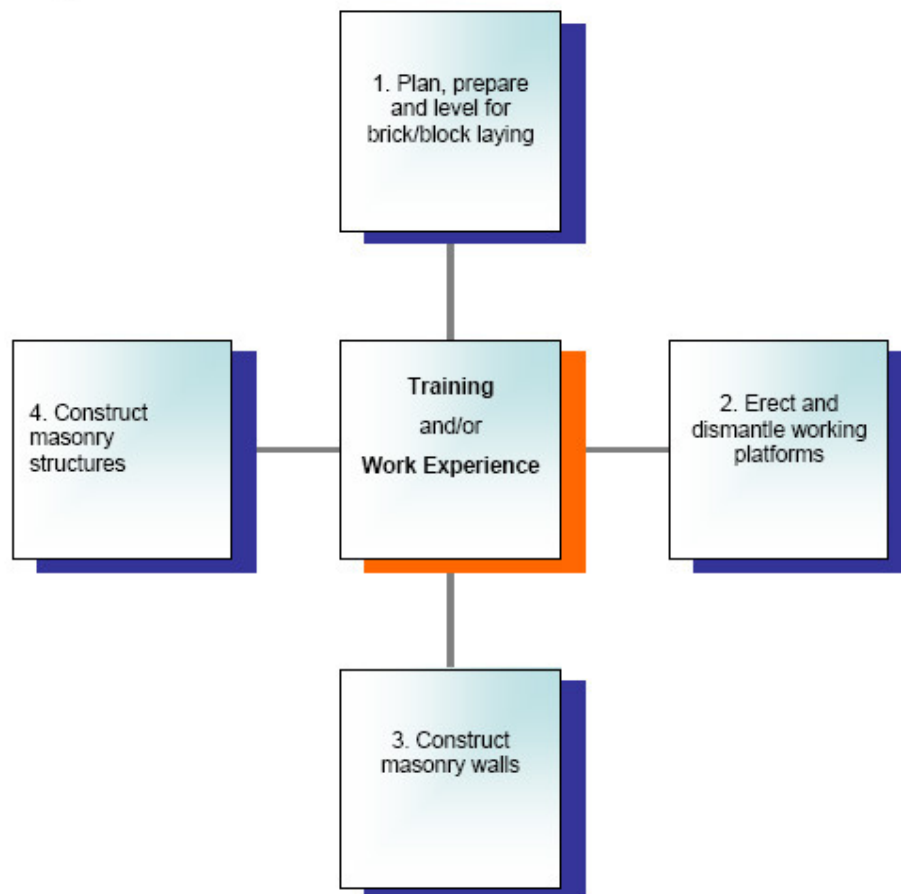

Use your answers to guide your decision about whether to apply for a trade skills assessment.

It is recommended that you can answer 'yes' to each competency group question and can tick a majority of boxes that indicate that you have 'regularly' done the work.

Please note that if you submit an application you will be asked to supply documented evidence to support your claims. If your evidence is suitable you will be asked to demonstrate your competencies in a practical skills assessment.

Your evidence will be used to determine if you meet the competency profile for a Bricklayer. The diagram below gives an overview of the competencies (skills) that are expected of a Bricklayer in Australia.

### Competency Profile

## Training and experience

Your Training	Yes	No	Not Sure
Have you undertaken formal training in the Bricklaying trade?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
